Core Abilities Team Coordination, Analytical Thinking, Leadership, Detail-Oriented Approach

PROJECTS

QuickBite - Smart Canteen Ordering System

Oct 2024 - Jan 2025

Minor College Project

- Enabled students and staff to place orders remotely, improving efficiency and reducing long queues.
- Embedded JWT-secured login and token-based route protection.
- Optimized front-end logic, achieving a 30% performance boost on mobile devices.

EXPERIENCE

Full Stack Developer

May 2025 – Present

Digital Success Solutions LLP

- Collaborated with cross-functional teams to deliver user-friendly and modern UI designs.
- Streamlined backend logic, resulting in 25% faster API throughput.
- Ensured code quality using Git version control and followed agile development practices.

Software Development Intern

Jan 2025 – Feb 2025

Mittal Alliance

- Designed interactive UI components with React.js, enhancing user engagement and experience.
- Translated Figma mockups into functional web interfaces using HTML, CSS, and JS.
- Improved page load performance by optimizing React code and component structure.

EXTRA-CURRICULAR ACTIVITIES

- Open Source Contributor: Participated in Hacktoberfest 2024 and GSSoC Extended 2024. Contributed code and bug fixes to open-source projects. Ranked #545 out of 40,000+ participants in GSSoC 2024.
- Smart India Hackathon 2023: Secured 2nd position in internal college round 2023. Contributed to ideation and development of a practical, real-world software solution.
